

Regina Drive Concrete Project

Project to Begin Soon

INTRODUCTION

This newsletter is to update you of the upcoming drainage repair project along Regina Drive. This work may include the installation of concrete curb, gutter, culverts, and sidewalk in some locations. This project is scheduled to take place in the summer of 2019.

BACKGROUND

The Montgomery County Department of Transportation (MCDOT), Division of Highway Services (DHS) is responsible for maintaining nearly 5,200 lane-miles of streets in Montgomery County. Many of those streets are in neighborhoods such as yours, and include concrete sidewalks and/or curbs.

MCDOT programs replacement of defective sections of sidewalk and/or curb to ensure structural integrity, proper drainage, and to address pedestrian safety. This effort has been coordinated with the community and the local education officials in order to take place once school has ended for the summer.

PROJECT WORK PLAN

The general scope of work is as follows:

1. Conduct field surveys to specifically identify areas of curbing and sidewalk in need of re-

pair or replacement. Areas to be repaired or replaced will be marked with pink spray paint.

2. Install new concrete infrastructure to address drainage concerns. This work activity will comply to Americans with Disabilities Act (ADA) standards to ensure access to all residents.

Concrete is smoothed and finished

3. Restore disturbed areas with soil, grass seed and straw mulch.

4. Perform limited roadway patching in areas impacted by construction activities.

New concrete is poured into forms

SCHEDULE

This project is scheduled to begin in late June of 2019, and will take one month to complete, weather permitting. All construction work will be scheduled between the hours of

7 am and 6 pm, Monday through Friday.

IMPACTS

Continuous traffic will be maintained at all times utilizing alternate one-way traffic patterns, when necessary. However, minor traffic delays may be experienced as our flaggers manually direct traffic safely through the work zone.

This project may necessitate temporary lane closures and temporary parking restrictions. Signs will be posted in advance identifying such restrictions.

SHOULD THE POLICE TOW YOUR VEHICLE, CONTACT THE POLICE NON-EMERGENCY NUMBER (301-279-8000.)

We apologize in advance for any inconvenience this project may cause. **DISCLAIMER: MCDOT IS NOT RESPONSIBLE FOR PRIVATE WORK**

Thank you for your cooperation as we work to improve the county infrastructure!

IMPORTANT! Lawn Sprinkler Systems and Invisible Dog Fences

If your home has either a buried lawn sprinkler system or invisible-type dog fence installed, please make sure that the system **DOES NOT** extend into the county right-of-way. If it does, please mark the locations of buried pipe or wire so that our equipment can attempt to avoid it. However, such systems are **NOT** permitted by the County Code to be located in the right-of-way and neither the County nor its contractors are responsible for any damage to **ANY** systems located there. If you do not know the locations, look in your phone book under **UTILITIES, UNDERGROUND CABLE, PIPE AND WIRE LOCATING SERVICE**.
